

## Student Satisfaction Survey

2020-2021

The Student Satisfaction Survey for the academic year 2020-2021 was carried out by the IQAC to assess the students' educational experience, services and facilities in the Institution.

- Educational Experience – Academic Learning
- Attainment of Learning Objectives
- Services and Facilities
- Student Life Experience

In all, 916 students from all the different programs sent in their responses. The survey was done this year using Google Forms.

Following is the graphical representation of ratings given on the different parameters assessed by the survey.

### A. Rate your educational experience on Academic Learning:

#### Quality of teaching faculty

916 responses

#### Curriculum delivery

916 responses

### Academic advising

916 responses

### Access to teaching faculty

916 responses

### Academic reputation of the Institution

916 responses

### Availability of technology to enhance learning.

916 responses

### Feedback system

916 responses

Over 75% of the students have said they are highly satisfied or satisfied with the quality of teaching, curriculum delivery, academic advice provided, access to teaching faculty, academic reputation of the college, availability of technology to enhance learning and the feedback system. The highest satisfaction is seen for the accessibility of faculty.

## B. Rate your Learning Objectives:

### Teachers' up-to date

916 responses

### Learning objectives attained

916 responses

### ICT in teaching

916 responses

### Practical learning objectives met

916 responses

### Teachers' Competency on the topics taught

916 responses

### Teachers' communication skills

916 responses

### Guidance for learning difficulties

916 responses

### Completion and coverage of course.

916 responses

### Motivation provided

916 responses

### Punctuality of the teacher

916 responses

### Assessment criteria of courses explained clearly

916 responses

### Assessment results declared on time

916 responses

Under attainment of learning objectives, over 75% of students have expressed high satisfaction or satisfaction. In fact more than 50% have expressed high satisfaction in teachers' up-to-date knowledge and competency, communication skills, syllabus completion, motivation, punctuality, clarity in assessment.

### C. Rate the Services and Facilities at the Institution:

#### Campus

916 responses

#### Classrooms

916 responses

#### Lab facilities

916 responses

### Library as a Resource Centre

916 responses

### Parking

916 responses

### Canteen facilities

916 responses

### Sports and fitness facilities

916 responses

### Career counselling and placement

916 responses

In most of the parameters under services and facilities, most of the students have said they are satisfied or highly satisfied. However, most students are not satisfied with the canteen facilities and this is definitely an area for improvement.

### Rate your student life experience in the Institution:

#### Sports and Recreational facilities

916 responses

### Clubs

916 responses

### Student Government

916 responses

### Campus safety

916 responses

### Extracurricular activities

916 responses

### Student Safety

916 responses

The students feel safe in the campus and are satisfied with the student union, club and extra-curricular activities, sports and recreational facilities.

Overall satisfaction is high in most of the students. However, a small percentage has expressed dissatisfaction and this need to be looked into and addressed in the coming years.
